

MARTY SCOTT

(they/them)

Brooklyn, NY | 909.456.0467 | greatmartyscott@gmail.com
marty64.net | github.com/martychouette | martychouette.itch.io

A game designer, programmer, and educator with a CS degree and an MFA in Game Design from NYU. I build playable prototypes where narrative and mechanics meet, write aesthetic-first game engines, design for accessibility from the start, and teach code as creative material. 15+ years of audio across music, podcasts, and game audio.

SKILLS

Languages: C#, C++, Java, Python, JavaScript, SQL

Engines / Tools: Unity, Unreal, GameMaker, TEGE (open source, BSL 1.1)

Engine Development: C++20, Vulkan, ECS architecture, visual scripting, shader authoring

Game Design: Greyboxing, rapid prototyping, play-testing, iterative design, system balancing

Gameplay Systems: Encounters, interactive objects, narrative scripting, state machines, behavior trees, 3D math

Pedagogy: Curriculum design, scaffolded instruction, studio-based teaching, accessibility-centered design

Audio: FMOD, Pro Tools, Logic, Ableton (15+ years)

Video / Design: Premiere Pro, Photoshop - editing, thumbnails, social assets

Operations: Scheduling, outreach, event logistics, documentation, Discord community management

EXPERIENCE

NYU Game Center (Tisch) - Code Help Desk | 2025 - Present

- Help BFA and MFA students with code issues across Unity, Unreal, Processing, and GameMaker
- Troubleshoot broken projects and walk students through fixes

NYU Game Center - Studio Game Director & Producer | Spring 2025

- Led production for a multidisciplinary game team from prototype through milestone builds
- Coordinated playtests, managed build stability, and kept scope aligned with deadlines

NYU Game Center Conference - Speaker | 2025

- Presented on game design pedagogy and accessibility

Fib Likley (YouTube) - Creator & Editor | 2019 - Present

- Gameplay-driven videos with clear hooks, clean structure, and tight pacing

The Palisades - Recording Studio Manager & Operations | 2013 - 2019

- Coordinated scheduling for 50+ bands, managed 200+ podcast sessions
- Produced monthly public events, managed on-site logistics and vendor coordination

Music & Arts - Music Teacher | 2012 - 2018

- Taught piano, guitar, and sound production to students across age groups and skill levels

PROJECTS

TEGE - The Enjin Game Engine | Solo Developer | C++20, Vulkan

- Solo-developed an aesthetic-first open source game engine featuring 70+ ECS components, a full ImGui editor, ray tracing pipeline, and comprehensive accessibility suite. BSL 1.1

RhodesTrip | Producer / Designer / Programmer / Audio | Unity, FMOD, Ink, Blender

- Third-person driving + exploration; narrative state machine, cameras, vehicle controls (team of 4)

Blackout | Solo Developer | Unity, FMOD

- Sightless 2D platformer with audio-driven navigation; published research whitepaper

IRIS (In-Progress) | Solo Developer | Unity

- Physics-based environmental exploration; prototyping tactile interactions

Cold Flame | Solo Developer | Unity

- Autobiographical physics game; code as personal expression

PEDAGOGICAL WORK

VG101 Knowledge Base | marty64.net/kb | In Development

- Open text for teaching videogame design as its own medium (Gesture + Aesthetic Heritage framework)
- Teaching cycle: Play - Name - Make - Reflect; three-register system for layered reading

EDUCATION

NYU (Tisch) - MFA, Game Design (Game Center) | 2024 - 2026

Cal Poly Pomona - BS, Computer Science | 2021 - 2023

Mt. San Antonio College - AA/AS, Database Management & Programming | 2018 - 2021

Musicians Institute - AA, Piano Tech (Audio Engineering emphasis) | 2009 - 2011
